

What is the YBC?

The Young Brokers Council is an IBAO affiliated council dedicated towards building a stronger future for all brokers. We are an organization that strengthens the voice of young brokers so that they may be heard throughout the entire association and become involved in the association. Our needs, our concerns and ideas can be heard loud and clear. We have a YBC Chair on the Board of Directors and have a YBC Team Leader in each of the 13 territories within the IBAO.
